a meeting of MINDS

A Meeting of Minds is our flagship programme of biannual events which brings the most senior decision makers from the client facing side of a particular sector of financial services (the delegates) together with those firms who manufacture the products they sell and those firms who support them with innovative solutions and services (the sponsors). Together they examine the key strategic issues facing the industry and seek to table solutions.

WEALTHTECH MATTERS

WealthTech Matters UK is a series of events for key decision makers from the Wealth Management, Private Banking and large Adviser firms.

Technology is core to the future wealth management model but, in an increasingly specialist technology environment, wealth managers must engage with a deeper knowledge and understanding of what technology is available and can deliver across the three main areas of their business; their clients, their advisers and staff and their business.

The series focuses on these three themes and will discover and discuss technology solutions that solve key challenges facing their business.

The event is also held in Zurich, Switzerland.

a six month ENGAGEMENT

Owen James events aren't one-off experiences, we are working with you to ensure you maximise the opportunity throughout.

THE POWER OF SIX

Our events incorporate SIX key elements to ensure you maximise your return on investment - both financially and timewise

data provided BEFORE THE EVENT

The invited audience (the delegation) do not pay to participate. However, the quid pro quo is that we ask them to provide data and profiling information. This enables us to produce a summary report of the industry at a moment in time. We call it the **SCENE SETTER RESEARCH**.

It also means we can compare and contrast with other parts of the FS industry. You will receive the full research outputs before the event thereby enabling you to prepare for the day.

You will also be provided with information around the delegation via the **EVENT APP** which you will be invited to download in advance of the Meeting. This includes personal and company bios as well as photos to aid recognition!

AD HOC POLLING: thanks to the Event App, we are able to question our audience at any stage of the proceedings. This is sometimes done during the keynotes and sometimes during the roundtables. Our experience is that it increases interaction – particularly if used during the roundtables.

data provided AFTER THE EVENT

POST EVENT FOLLOW UP

You will continue to have access to the app. In addition, you will be provided with an excel (old school) listing of participants' contact details. Owen James stands ready to support any follow up you are struggling with. We undertake to contact up to five people on your behalf.

POST EVENT FEEDBACK REPORT

All roundtable participants are asked to feedback on the roundtables in which they take part. This data is collated for you and provides a benchmark as to the success of your roundtable. Participants in the roundtable are also asked if they would like a follow up call. Again this is collated and passed onto you. More general feedback is collected to give you a sense of the success of the event in general. Transparency is key.

BRAND AWARENESS MONITOR

The delegation are asked how aware they are of your brand. For those of you who have supported past events, we are able to provide this data in trended format.

strategic ROUNDTABLES

An opportunity to roll up your sleeves and find out what your clients are thinking.

Various sponsorship packages available, that include the chance to:

- Attend as a networker
- Run a TechTalk/Mortgage Talk
- Be a Headline Sponsor

All sponsors are invited to lead a roundtable discussion for typically some 12 –15 delegates. These groups are held in private meeting rooms and are strictly Chatham House rules.

In advance of the Meeting, Owen James produces a **DRAFT AGENDA**. This is written on the back of substantial research amongst participants and will reflect the key issues worthy of discussion on the day.

There may be a subject within the document which aligns naturally with your firm's strategic objectives. If not, you are of course able to propose your own subject and we will work with your team to create a roundtable synopsis which will resonate with the delegation. These roundtables are not an opportunity to pitch, they are an opportunity for you to engage strategically with industry leaders you are keen to impress – to be seen as an expert/thought leader.

it's good TO TALK

So how do we ensure the networking happens?

Ahead of the event, we will ask you to have a look at the delegate list and cherry-pick up to ten people with whom you would particularly like to have a fifteen minute one-to-one meeting, and up to five people you would like to have lunch with.

From this, we will ensure you are lined up with **two one-to-one meetings**. These will take place over breakfast, morning coffee and afternoon tea. It is not a perfect science which is why we ask for “extra” names. On the day, the Owen James team will be focused on ensuring these meetings take place

AD HOC NETWORKING

We actually call this structured networking. By lots of cunning manipulation we seat you opposite potential customers and you are given five minutes in which to charm them and exchange contact details. You will hold eight ad hoc meetings.

POST EVENT DRINKS

After all the hard work, an opportunity to continue conversations and make new ones, all over a glass of fizz.

supporting MATERIAL

SCENE SETTER FINDINGS

The outputs of the research carried out in the run up to the event are available for ongoing reference and perhaps a more measured review by your team.

WHITE PAPERS

The event app provides a platform to include any white papers you wish to push out into the marketplace. They may be relevant to your roundtable subject matter or more general thought leadership generated by your company.

KEYNOTE PRESENTATIONS

Where appropriate, and provided we are given permission, keynote presentations will be made available on the event app by the end of the Meeting.

THE FINDINGS

The outputs from each roundtable will be written up as a two page white paper. The full report is published as The Findings. Featuring your logo, this is published on our website in a searchable format. This content may of course be used by your own company.

branding AND MARKETING

A key reason to sponsor an Owen James event is to raise your profile amongst this very senior audience.

BLOGGING

If you would like to convert your roundtable white paper into a blog – we can support.

We seek engagement with your own social media team.

BRAND AWARENESS MONITOR

We will as always ask our audience how aware they are of your brand?

For those of you who have supported past events, we will provide this data in trended format.
